Date : 12 August 2023

Subject : Tuition and Fees, School Year 2023 – 2024  
Memo No. AGSB-OD-2324-005

---

We kindly inform the AGSB community that we will be implementing a 6% increase in Tuition and Fees for School Year 2023 – 2024 across all MBA Programs.

We are implementing the adjustments in tuition and fees to cover anticipated increases in our operating and capital expenses, including mandatory outlays for personnel, investments in classroom infrastructure, course and curriculum development, faculty and staff development, utilities, facilities repairs and improvements, and our contribution to the University's Central Administration as we increase onsite operations.

The new schedule of program fees and the Commission on Higher Education's letter of approval are attached. These new fees will take effect in the First Trimester/Term 1 of SY 2023-2024. We are issuing this announcement in advance to give all those concerned adequate time to consider the impact of these increases in their financial planning.

We would like to thank the representatives of the AGSB Student Council for their assistance in reviewing our proposed budget and helping us to find ways to mitigate the impact of these increases on our student body.
